

Lost Mine of Phandelver Notes

2024

1 Sildar Holwinter

A friend of Gundred, was with him when they were ambushed by the goblins. Sildar says Gundred was taken to a "Kragmor Castle."

2 Phandalin

The owners of the *Stonehill Inn*, Toblen and Trilena Stonehill say that because of the Orks to the east and the Red Brands gang; Business is poor.

Rumors overheard at the stonehill of someone poking around at the old owl well (50 miles NE)? Something mysterious about the old adventurer of the orchard.

Harbin Wester the townmaster is reluctant to do his job, and does not want to help Sildar in setting up the Lord's alience in Phandalin. Perhaps fixing the issues of the gang and orks could convince him?
